FOR IMMEDIATE RELEASE

Is that a Weed or a Wildflower? Find Out August 8th

Free Seed, Sow & Grow program hosted by Boston Natural Areas Network

BOSTON, MA, March 18, 2009 – Aggressive gardeners sometimes yank more than weeds from their garden, so it's good to know the difference.

On Saturday, August 8, the Boston Natural Areas Network horticultural series *Seed, Sow & Grow* presents **Weed or Wildflower?** from 10:00 a.m. – 11:30 a.m. This new workshop will take place at City Natives, 30 Edgewater Drive, Mattapan with BNAN Garden Educator Jo Ann Whitehead. The workshop will explore the subjective concept of weeds with a discussion on the identification, value and safe control of our least favorite plants. The program will also include a brief walking tour to identify common weeds and wildflowers in their various stages of growth at City Natives and along the nearby Neponset River.

The *Seed, Sow & Grow* horticultural series is free and open to the public and presented April through October by BNAN staff, invited guests, and graduates of BNAN's Master Urban Gardener program. For a schedule of *Seed, Sow & Grow* workshops, call BNAN at 617-542-7696 or visit www.bostonnatural.org.

Boston Natural Areas Network is a non-profit organization dedicated to bringing together local residents, partner organizations, public officials and foundations to preserve, expand and enhance urban open space, including community gardens, greenways and urban wilds. For further information about the organization, becoming a member or the calendar of events, visit www.bostonnatural.org, or call 617-542-7696.
